

OASIS

[4 2 M]

Benetti

Benetti

The EVOLUTION *of an* ICON

The Oasis 42M is the ultimate expression of modern yachting, a new dimension of freedom seamlessly blending luxury, well-being, and an unbreakable bond with the sea.

With the new flagship of the Oasis family, **Benetti** and **RWD** continue to push the boundaries of yacht design, building on the extraordinary success of the Oasis yachts.

Drawing inspiration from the fluid, sculptural forms of contemporary architecture, the exterior philosophy of the Oasis 42M introduces soft and seamless lines that define a sleek, modern aesthetic, further enhanced by the extended

Oasis Deck® and the gracefully shaped fashion plates, creating a dynamic and visually captivating profile.

Beyond its striking design, the Oasis 42M redefines life on board by exploring new possibilities and lifestyles.

With a reimagined Oasis Deck® and a bespoke, highly versatile interior layout and design envisioned by **Bonetti/Kozerski Architecture**, the yacht infuses a sense of openness and connection. Expansive glazing and uninterrupted windows enhance the flow of light, offering a fluid, luminous living experience across all decks.

OASIS
42M

Aboard the Oasis 42M, the Oasis Life reaches new heights with an expanded Oasis Deck®. Spanning over 100 sqm of flush deck, this signature feature fully embodies the yacht's philosophy of offering an unparalleled setting for socialising while being immersed in the beauty of the sea.

With its 250 sqm, the Main Deck is a seamless extension of the yacht's philosophy—blurring the boundaries between indoor and outdoor living.

Stretching over 36 metres, it creates an unbroken flow from the signature Oasis Deck® to the welcoming interiors, culminating in a private well-being retreat at the bow. Every area is thoughtfully designed to enhance the connection with the sea, offering breathtaking, uninterrupted views of the horizon at every step.

BENETTI

THE ULTIMATE OASIS LIFESTYLE

The Oasis Deck® continues to redefine life at sea, offering a seamless connection between the interior and the surrounding environment. The spatial experience is enhanced throughout the deck's extension, from the beach platform to the main salon entrance, creating an unparalleled sense of openness and connection at every step.

At the heart of the Oasis Deck® lies the 8.5 sqm pool, a standout feature that redefines relaxation and entertainment on board. The Oasis 42M introduces an innovative enclosure system, allowing the pool to be seamlessly closed when not in use, whether in the marina or overnight.

This clever design ensures the Oasis Deck® remains a continuous, multifunctional space. During the day, the pool invites moments of pure leisure; by night, the space evolves into a fluid, open stage for open-air living.

The panoramic C-shaped sofa invites guests to relax and socialise while enjoying seamless views of the horizon.

At the heart of the Oasis 42M lies an unrivaled sense of space and unparalleled layout flexibility, allowing owners to craft their own vision of the perfect onboard experience, immersed in the beauty of the sea.

BENETTI

“FORGET
WHAT WE KNEW
BEFORE”

01

EXTERIOR DESIGN

For over three decades, **RWD** has been at the forefront of yacht design, renowned for its energy, talent, and creativity.

RWD

Through a longstanding partnership with Benetti, **RWD** has consistently redefined the aesthetics and functionality of modern yachting —most notably with

the pioneering Oasis Deck®. Anticipating the desires of a new generation of owners, this visionary concept has transformed onboard living by fostering a more informal, social, and immersive connection with the sea.

“With the Oasis 42M, we aimed to further evolve and enhance the Oasis way of life, refining the yacht's exterior with a forward-looking approach, achieved by the new, sculptural forms merging with the seamless lines of the extended Oasis Deck®. In renouncing all barriers, the revolutionary beach area embraces an open configuration distinguished by a continuous connection with the sea and a smooth transition to the Main Deck's interior, genuinely embodying the idea of a versatile and well-being retreat that can accommodate various activities.

Maximising natural light was a core design principle for the Oasis 42M.

Expansive uninterrupted windows elevate the yacht's sleek and modern aesthetic, with a particular emphasis on the Main and Upper Decks, where the extensive glazed surfaces ensure an unbroken flow, with breathtaking, panoramic views of the horizon."

WHAT MAKES *the* DIFFERENCE
is the RHYTHM *of the* MATERIALS,
of the OPENINGS, *of the* DIFFERENT
ELEMENTS, LIKE *a* SONG”.

02

INTERIOR DESIGN

Bonetti/Kozerski Architecture is a New York City-based full-service architecture and design firm founded by Enrico Bonetti and Dominic Kozerski. The pair strives to create spaces that bring together understated luxury and warm minimalism.

Bonetti/Kozerski
Architecture

The effortless feel that characterises the firm's aesthetic is the result of a rigorous design process:

Enrico and Dominic rely on one another to keep every design edited down to its most essential elements, and its guiding vision clear.

“For the Oasis 42M, our goal was to craft an interior that harmoniously blends the concept of a luxurious, loft-like space with a refined sense of well-being, resonating with the evolving needs of modern yacht owners. Expansive glazed surfaces, light-toned materials, and natural textures create a seamless flow between indoor and outdoor environments, enhancing luminosity and openness. The organic feel is further enriched by the integration of natural materials and subtle green spaces, while soft design elements evoke a warm and inviting retreat”.

With OASIS 42M, *an* ICON EVOLVES INTO
a NEW ERA *of* YACHTING — WHERE SCULPTURAL BEAUTY,
LUMINOUS SPACES, *and a* BOUNDLESS CONNECTION
to the SEA COME TOGETHER
in a SINGULAR VISION *of* FREEDOM *on* BOARD.

03

MAIN DECK: THE WIDEST OCEAN VIEW

Extending over 50 sqm and 9.5 metres in length, the Main Salon of the Oasis 42M is designed as a multifunctional space that embodies both elegance and versatility, seamlessly connecting with the Oasis Deck®.

The panoramic experience is one of the ambience's defining features, with an extraordinary 270° view that transforms the dining area into a stage for breathtaking ocean vistas.

Large uninterrupted glazing and a lowered bulwark ensure a continuous connection with the outdoors, while the refined selection of sophisticated materials

creates a warm, inviting atmosphere that aligns perfectly with the yacht's exterior language.

Guests are welcomed into a luminous and unobstructed space that hosts a chic yet laid-back dining and lounge setting with an L-shaped sofa, thoughtfully positioned to maximise the widest panoramic view.

The layout is designed to enhance spatial perception, fostering an airy, light-filled ambience that effortlessly blends indoor comfort with the beauty of the surrounding seascape.

04

MAIN DECK: AN OASIS OF WELL-BEING

At the bow of the Main Deck, a dedicated space offers a secluded escape designed for fitness and lounging.

Spanning 45 sqm with a generous 7.5 metres width, this versatile, multi-purpose area embodies the essence of the Oasis family, perfectly attuned to the evolving needs of modern yacht owners seeking spaces dedicated to well-being.

With almost no structural constraints, the area allows for flexible configurations, effortlessly accommodating loose furniture and various lifestyle needs. Designed to be enjoyed at any time of day, the space is bathed in natural light and seamlessly blends with the surrounding environment.

A fold-down terrace further enhances the connection to the sea, transforming this retreat into an open-air sanctuary.

BENETTI

The forward area of the Main Deck can be envisioned as an elegant Owner's suite. Expansive glazing draws natural light deep into the space, framing uninterrupted views and creating a serene haven where the horizon becomes part of the interior.

05

UPPER DECK: ELEVATE YOUR SPACE

The expansive Owner's Apartment on the Upper Deck offers a level of exclusivity that perfectly complements the yacht's ethos of conviviality.

More than 50 sqm flooded with light, thanks to the extensive use of glass and the lowered bulwark, creating an airy and bright environment.

Upon entering from the Upper Deck, the layout is a masterclass in space and functionality. A transverse dressing area and a centrally positioned bed create an expansive, airy atmosphere, offering great breathing space and an exceptional sense of openness. The bathroom features a window with

a breathtaking sea view, allowing to immediately reconnect with the vast beauty of the ocean.

Opening the sliding doors leads to a remarkable 40 sqm private terrace, further enhancing the feeling of freedom and exclusivity. This private retreat is a serene haven for relaxation, offering a serene outdoor space to unwind.

Thanks to optimised vertical flows, access to the Upper Deck and Sun Deck is provided via external and internal stairs at the bow of the Upper Deck, ensuring this area a truly exclusive hideaway within the yacht.

When the Owner's suite is located on the Main Deck, the Upper Deck opens up to a panoramic skylounge conceived as a bright and welcoming social hub. Surrounded by expansive glazing that frames sweeping sea views, the space naturally accommodates a relaxed TV lounge and an informal dining area, creating a convivial environment that flows seamlessly towards the generous aft terrace.

06

SUNDECK: BETWEEN SKY AND SEA

Accessed via a lateral stairway, the Sun Deck offers a unique space of almost 100 sqm that fully embraces the concept of open-air living—a cornerstone of the Oasis philosophy. At over 17M in length, this expansive deck blends relaxation with functionality in the most elegant way.

A protected al fresco dining area provides the perfect setting for moments of conviviality under the open sky, while the stylish infinity bar at the stern invites guests to enjoy ocean-facing refreshments by day and tempting drinks at sunset. The surrounding

lounge areas enhance the experience, offering a serene space to unwind in the fresh sea air.

The forward area of the Sun Deck can be configured as a water lounge with a Jacuzzi, offering an added touch of well-being and refined exclusivity.

Service on the Sun Deck is seamless, thanks to thoughtful design elements such as ample storage spaces and a convenient dumbwaiter, ensuring easy access to provisions.

07

LOWER DECK

A sculptural staircase leads to the Lower Deck.

The two comfortable VIP staterooms and the four double cabins for guests are each endowed with beautiful views of the sea and ensuite bathrooms.

The Oasis 42M distinguishes itself within its class by featuring longitudinal beds in the guest cabins, elevating both comfort and spatial elegance.

LOWER DECK | GUEST ROOM VIEW 1 & BATHROOM

The new garage layout of the Oasis 42M offers enhanced storage capacity and space for toys and equipment serving the beach area.

The garage can accommodate a Tender of up to 6.25M, along with a Jet Ski. Additionally, the technical rooms are designed to support the E-Mode Hybrid System, providing an option for owners who wish to incorporate hybrid propulsion.

If the Hybrid Option is not selected, the dedicated technical space can be converted into additional storage, maximizing the available space for leisure and convenience.

BOW THRUSTER	1 X CMC TP90 ELECTRIC MOTOR DRIVEN, 65 KW
ENGINES	2X MAN V12-1200, OF 882 KW (1200 MHP) @ 2100 RPM EACH
CRUISE SPEED	14.0 KN
MAX SPEED	16.0 KN
RANGE @ 10 kn	4,000 NAUTICAL MILES

RELEASE 08.2026 - The technical data shown here are intended to be preliminary and they are subject to future amendments based on the development of the project.

08

GENERAL ARRANGEMENT & MAIN TECHNICAL DATA

ECO TRANSFER MODE

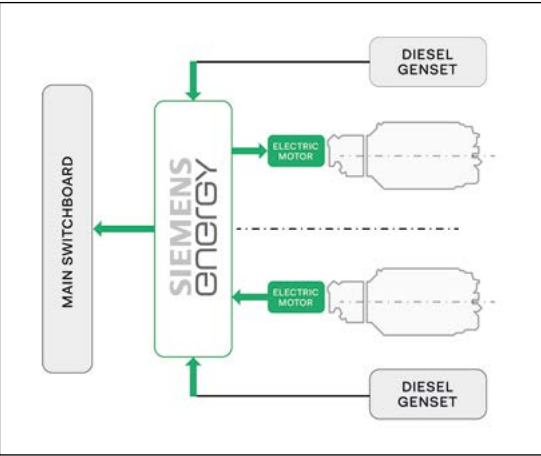

Both diesel generators are switched off while one propulsion engine only continues to run, enabling the yacht to halve the running hours of the main engines and gensets. As a result, fuel consumption, CO₂ emissions and NOx emissions can be sensibly reduced compared with traditional propulsion systems.

EXTENDED RANGE MODE

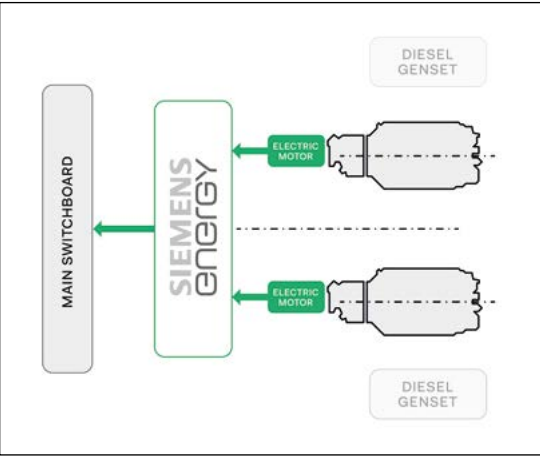

Designed for long-transfer journeys and coastal cruising, this mode reduces fuel consumption and emissions. When the gensets are switched off the yacht can go at full speed, with the electric motors powered by the main engine and working as shaft generators.

EXTENDED RANGE MODE

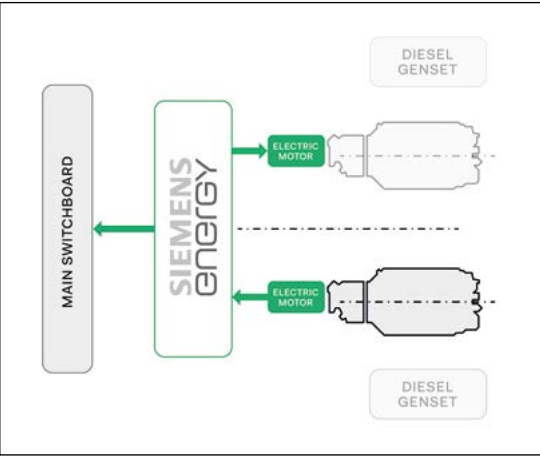

DAY CRUISE AT 10KN - BATTERY PACK 112 kWh

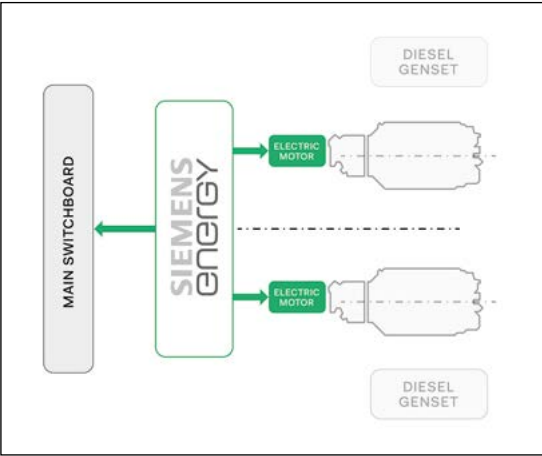

Enhanced Comfort Mode

Extended Range Mode

Eco Transfer Mode

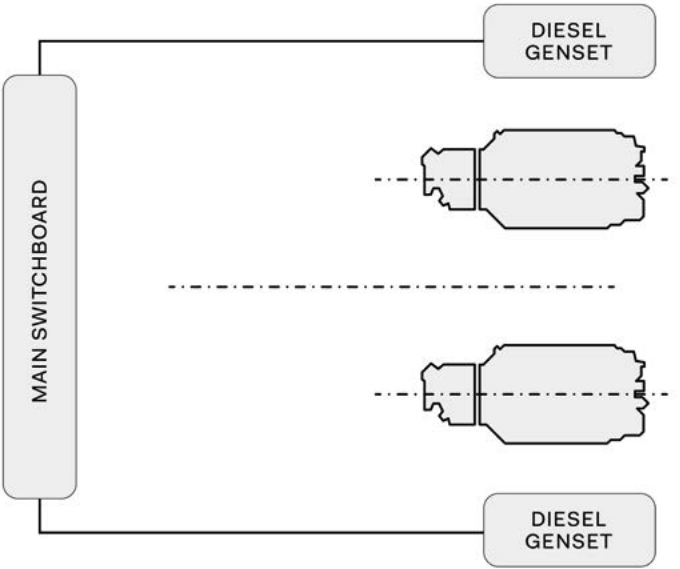

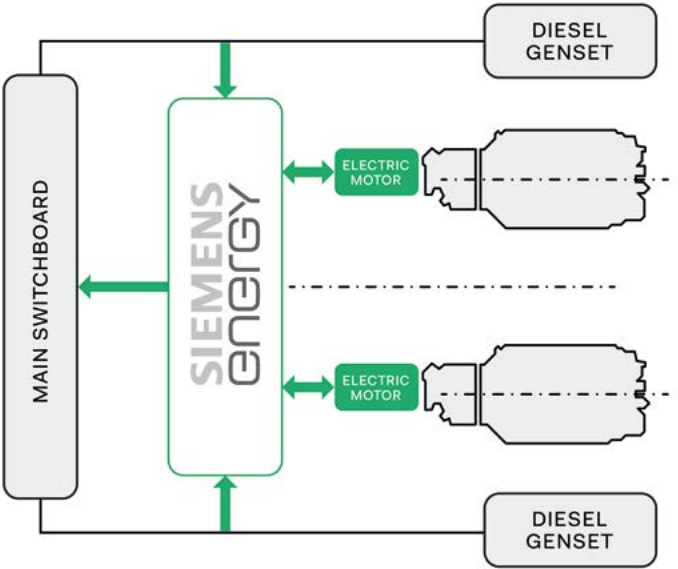

Eco Cruise Mode

08
E-MODE:
SIEMENS ENERGY

The E-MODE is a plug-in system designed for easy integration into standard propulsive architecture. It is specifically intended to provide an innovative system that can be managed as a traditional electrical system in the event of an occurrence;

The E-MODE is designed with a flexible system architecture, allowing it to be offered as an OPT solution;

The electric propulsion system can be completely disconnected if needed allowing the yacht to cruise powered by diesel engines; To meet the specific needs of the end user, the system must be equipped with an Ion Lithium battery pack. The size of the battery pack

will depend on the user's requirements. For example, additional batteries may be required to enhance the efficiency of propulsion;

The electric motors are capable of both absorbing and providing electric power. They can function as both propulsion drives and electric generators. When the vessel is powered by a diesel engine, the electric motors operate as generators, supplying power to the onboard systems and rapidly charging the batteries. This configuration allows the diesel generators to be turned off, thereby reducing fuel consumption and emissions.

Enhanced Comfort Mode

Ideal for low-speed coastal or night cruising and maneuvering. The main benefit of this

mode is the exceptional comfort it offers and increased maneuverability. The yacht can cruise in electric mode at low speed with diesel engines switched off, but their gensets continue to supply energy to the electric motors.

ECO CRUISE MODE

In this mode, batteries supply energy to the electric motor to cruise. Most suited for short trips along the coast, this zero-emission mode allows entry into protected marine areas or zones usually designated as off-limits to motor yachts, with the range depending on the capacity of the battery pack.
