BENETEAU MONTE CARLO 5

MC5 2017 Specification & Equipment List

Twin Volvo Penta IPS 600 | 410 Engine Hours | Flybridge | 3 Cabins

Working document for owner/broker editing. Photography to be added.

Description

Exceptionally well-equipped Beneteau Monte Carlo 5 combining excellent liveability, generous interior volume and an exceptionally spacious flybridge with the maneuverability of Volvo Penta IPS.

Powered by twin Volvo Penta IPS 600 engines with only 410 operating hours, this MC5 offers an unusually comprehensive specification and numerous carefully selected owner upgrades.

The yacht provides excellent liveability, with three cabins, two heads and two separate shower compartments, complemented by a spacious main-deck saloon and a remarkably large flybridge.

The flybridge forms a genuine second living area, with a fully equipped helm station, electrically operated retractable roof/bimini, large dining table and generous sofa seating, wet bar, grill and refrigerator.

Maneuvering is exceptionally well supported, with Volvo Penta IPS joystick control at three separate stations - main helm, flybridge and dedicated aft docking station - complemented by Dockmate wireless remote docking.

The yacht has also benefited from significant owner upgrades, including professional high-quality PPF protection covering the hull, Fisher & Paykel dishwasher, integrated Saeco automatic coffee machine, Monitor Audio / Sonos HiFi system, Siren 3 Pro vessel monitoring and onboard Wi-Fi.

Highlights

- Twin Volvo Penta IPS 600 - only 410 engine hours
- Cummins Onan generator - only 139.5 hours
- Volvo Penta IPS joystick control at 3 stations
- Dockmate wireless remote docking system
- 3 x Simrad NSO evo2 multifunction displays
- Excellent liveability - 3 cabins, 2 heads and 2 separate showers
- Exceptionally spacious and fully equipped flybridge
- Electrically operated retractable flybridge roof / bimini
- Professional high-quality PPF protection covering the hull
- 1,300 L fuel and 600 L fresh-water capacity
- Hydraulic bathing platform and hydraulic passerelle
- Fisher & Paykel dishwasher and integrated Saeco automatic coffee machine

Principal Specifications

Specification	Data
Model	Beneteau Monte Carlo 5
Model year	2017
Architect / Design	Amedeo Migali / Nuvolari & Lenard
Interior design	Andreani Design
Builder	SPBI S.A.
L.O.A. (Lmax)	15.10 m
Hull length (Lh)	13.25 m
Overall width (Bmax)	4.32 m
Beam (Bh)	4.27 m
Air draft - empty vessel	5.85 m
Draught - fully laden	1.27 m

Hull / deck construction	Laminated sandwich glass / GRP / Balsa wood
Hull & deck implementation	Wet laid fiber
Hull counter moulding	Infusion
Engines	2 x Volvo Penta D6 435 HP / IPS 600
Engine hours	410 h
Generator	Cummins Onan
Generator hours	139.5 h
DC electrical system	24 V
AC electrical system	220 V
Fuel capacity	1,300 L (2 x 650 L)
Fresh water capacity	600 L (2 x 300 L)
Black water capacity	150 L
Grey / waste water capacity	50 L
Accommodation	3 cabins
Heads	2
Separate showers	2
Light displacement (EC)	14,238 kg
Wheelhouse headroom	1.99 m
Owner cabin	Full-beam; headroom 1.85 m
VIP cabin headroom	1.94 m
Guest cabin headroom	1.98 m

Navigation & Technology

- Main helm: 2 x Simrad NSO evo2 multifunction navigation displays
- Flybridge helm: 1 x Simrad NSO evo2 multifunction navigation display
- Fully equipped flybridge helm station
- Volvo Penta engine instrumentation and monitoring
- GPS / chartplotter
- Radar
- Autopilot
- Depth / colour sounder
- VHF
- Rear-view camera displayed at main helm
- Volvo Penta IPS joystick control at main helm
- Volvo Penta IPS joystick control at flybridge helm
- Dedicated aft docking station with Volvo Penta IPS joystick
- Dockmate wireless remote docking system
- Bow thruster
- Siren 3 Pro vessel monitoring system
- External cellular antennas
- Integrated onboard Wi-Fi system

Flybridge

- Exceptionally spacious flybridge for a yacht of this size
- Fully equipped second helm station
- Simrad NSO evo2 multifunction navigation display
- Volvo Penta IPS joystick control
- Electrically operated retractable roof / bimini
- Wet bar
- Grill / plancha

- Refrigerator
- Large dining table
- Generous sofa / lounge seating
- Sunbathing area

Interior & Layout

- Excellent liveability for a yacht of this size
- 3 separate cabins
- 2 heads / toilet compartments
- 2 separate shower compartments
- Spacious main-deck saloon
- Well-equipped galley
- Generous storage
- Air conditioning
- Heating
- Electric toilets
- Black-water holding tank
- TV system
- Professionally re-upholstered premium leather helm seat
- Upgraded integrated HiFi system with Monitor Audio and Sonos speakers and components
- Full-beam owner cabin
- Wheelhouse headroom: 1.99 m
- Owner cabin headroom: 1.85 m; VIP cabin: 1.94 m; guest cabin: 1.98 m

Galley & Comfort Equipment

- Fisher & Paykel dishwasher
- Full-size integrated Saeco automatic coffee machine
- Dedicated cup and glass storage
- Double refrigerator
- Oven, Microwave oven
- Refrigerator and freezer
- Air conditioning
- Heating

Hull & Deck

- Professional high-quality PPF protection covering the hull
- Hydraulic bathing platform
- Hydraulic passerelle / gangway
- Teak cockpit
- Cockpit table and seating
- Cockpit shower
- Swimming ladder
- Sunbathing areas
- Electric anchor windlass
- Underwater lighting
- Dedicated aft docking station

Technical Equipment

- 2 x Volvo Penta IPS 600
- Engine hours: 410 h
- Cummins Onan generator
- Generator hours: 139.5 h
- Bow thruster
- Shore power
- Battery charging system
- 230 V onboard AC system
- 24 V main / service electrical system
- Automatic bilge pump system
- Additional low-level bilge pump with helm-panel control

Deck Equipment & Safety

- Electric anchor windlass
- Hydraulic bathing platform
- Hydraulic passerelle
- Swimming ladder
- Navigation lights
- Automatic bilge pumps
- Additional low-level bilge pump
- Fire protection / extinguishing equipment
- Underwater lights

Premium Owner Upgrades

- Professional high-quality PPF protection covering the hull
- Dockmate wireless remote docking system
- Fisher & Paykel dishwasher
- Full-size integrated Saeco automatic coffee machine
- Integrated Monitor Audio / Sonos HiFi system
- Siren 3 Pro vessel monitoring
- External cellular antennas and onboard Wi-Fi
- Professionally re-upholstered premium leather helm seat
- Rear-view camera
- Underwater lighting
- Additional low-level bilge pump

Tankage

- Fuel: 1,300 L (2 x 650 L)
- Fresh water: 600 L (2 x 300 L)
- Black water: 150 L
- Grey / waste water: 50 L

Construction

Hull and deck constructed in laminated sandwich glass / GRP with balsa core. Wet-laid hull and deck construction with infused hull counter-moulding.

Items to Verify / Complete Before Publication

- Exact Cummins Onan generator model and rated output (kW)
- Exact radar, autopilot, VHF and transducer models
- Exact battery / charger specification
- Fire-extinguishing and life-saving equipment inventory
- Cabin configuration and berth details
- PPF manufacturer, installer, installation date and supporting invoice if available
- Service history summary and latest Volvo Penta / IPS service details
- VAT / ownership / registration wording for final listing
- Photography and photo captions
